Pet Safety Tips

Broward Sheriff's Office

Prepare for an emergency or disaster.

Keep up to date on pet IDs, licenses, and vaccines.

Spay or neuter your pet.

In case of a fire, get out and stay out. Tell firefighters if your pet is trapped.

Be kind to animals; pet gently with no pulling, tugging, or teasing.

Always secure your pet while riding in the car. Riding in an open truck bed can be deadly.

Keep pets away from cooking areas and use flameless candles.

Keep potentially poisonous plants, chemicals, and medicines away from pets.

Always ask permission before petting an animal.

Beware of Bufo Toad poisoning. Be vigilant when outdoors or when going on walks in the evenings.

Hot car temperatures can be fatal to your pet, even with the window cracked.

National Animal Poison Control Center (NAPCC) is
888-426-4435
