**Physical Plant**

Number of buildings:

Auditors should count all buildings that are part of the facility, whether inmates are formally allowed to enter them or not. In situations where temporary structures have been erected (e.g., tents) the auditor should use their discretion to determine whether to include the structure in the overall count of buildings. As a general rule, if a temporary structure is regularly or routinely used to hold or house inmates, or if the temporary structure is used to house or support operational functions for more than a short period of time (e.g., an emergency situation), it should be included in the overall count of buildings.

| 5 |

Number of inmate housing units:

Enter 0 if the facility does not have discrete housing units. DOJ PREA Working Group FAQ on the definition of a housing unit: How is a "housing unit" defined for the purposes of the PREA Standards? The question has been raised in particular as it relates to facilities that have adjacent or interconnected units. The most common concept of a housing unit is architectural. The generally agreed-upon definition is a space that is enclosed by physical barriers accessed through one or more doors of various types, including commercial-grade swing doors, steel sliding doors, interlocking sally port doors, etc. In addition to the primary entrance and exit, additional doors are often included to meet life safety codes. The unit contains sleeping space, sanitary facilities (including toilets, lavatories, and showers), and a dayroom or leisure space in differing configurations. Many facilities are designed with modules or pods clustered around a control room. This multiple-pod design provides the facility with certain staff efficiencies and economies of scale. At the same time, the design affords the flexibility to separately house inmates of differing security levels, or who are grouped by some other operational or service scheme. Generally, the control room is enclosed by security glass, and in some cases, this allows inmates to see into neighboring pods. However, observation from one unit to another is usually limited by angled site lines. In some cases, the facility has prevented this entirely by installing one-way glass. Both the architectural design and functional use of these multiple pods indicate that they are managed as distinct housing units.

Number of multiple occupancy cell housing units: | 1506
Number of open bay/dorm housing units: | 43

In housing units, does the facility maintain sight and sound separation between youthful inmates and adult inmates? (N/A if the facility never holds youthful inmates) | X Yes No N/A
Does the facility have a video monitoring system, electronic surveillance system, or other monitoring technology (e.g. cameras, etc.)? | X Yes No

Audit Findings

Audit Narrative

The onsite PREA audit of the Broward Sheriff’s Office, was conducted April 26-30, 2021, by Department of Justice Certified PREA Auditor Brian D. Bivens and Fred Chinn. A pre-audit visit was completed by PREA Auditor Brian D. Bivens on March 15th and 16th, 2021. The Broward Sheriff’s Office is located in Fort Lauderdale, Florida. Fort Lauderdale is a popular tourist area on Florida’s Southeastern coast; it is located approximately 25 miles north of Miami. The 2019 census estimates the population is 182,427; however, it is estimated there are approximately 13 million tourists that visit the area annually. The area has approximately 4,000 restaurants, 560 hotels, 63 golf courses and over 100 marinas housing some 45,000 resident yachts. Fort Lauderdale is named after a series of forts built during the Second Seminole War and is specifically named for Major William Lauderdale.

The auditor wishes to extend his deepest appreciation to Major Kevin Corbett and his staff for their professionalism, hospitality, and kindness. The auditor also wishes to compliment the Broward Sheriff’s Office’s Sgt. Howard Martzall, Tricia Vaccaro, Tom Trawinski and Michelle Heller, and Deputy Imani Gary for their outstanding work in organizing the files that were provided to the auditor in advance of the audit. This enabled the audit to move forward very efficiently.

The facility supplied a list of resident names sorted by housing units, disabilities, and special designations, as well as a list of facility staff names to the auditor. From these lists the auditor selected, at random, a sampling of residents and staff to be interviewed during the on-site visit. The sampling size for residents included at least one resident from every floor. This decision was made to ensure all residents throughout the facility were receiving the same information and education related to all aspects of the PREA program instituted at this facility.

The on-site audit began with an entrance meeting being conducted on Monday, April 26, 2021 at 08:30 a.m. in the Roll Call Room. The following staff attended the entrance meeting:

DOD ADMINISTRATION & MANAGEMENT
Colonel Josefa Benjamin, Executive Director
Lieutenant Colonel Tim Langelier, Director Administration & Operations
Lieutenant Joseph Lungha Executive Officer to Administration and Operations
Darren Sieger, Assistant Director Detention Management

Tonya Cheatham, Detention Classification Manager
Yusimir Arencibia, Inmate Healthcare Manager
Dr. Timothy E. Ludwig, Inmate Mental Health Manager
Dr. Andrew Gross, System wide Behavioral Health Director

DOD MAJORS
Acting Major Jose Acosta, Assistant Director North Operations
Major Elsie Judon, Assistant Director South Operations
Following the entrance meeting, the auditor conducted a comprehensive site review that began at approximately 09:00 a.m. and continued throughout the onsite visit. During the site review the auditor reviewed camera placement, blind spots, staff placement and documentation to assist in determining standard compliance. While touring the facilities the auditor observed the notices of this PREA audit in all the buildings (notices were also located on all Securus Kiosks in every housing unit, as well as posters that called attention to the agency’s Zero Tolerance Policy and how to report allegations of sexual abuse and sexual harassment). Posters were visible in English, Creole and Spanish. Random staff and resident interviews were conducted in a private office provided. The following staff accompanied the auditor on the site review:

Major Kevin Corbett, Assistant Director Administration

All housing units, day rooms, resident program areas, work areas, and all other resident accessible areas were toured (CHART 1). While touring several residents and staff were questioned about their knowledge of PREA standards, procedures for reporting, services available, and their responsibilities. All staff and residents informally interviewed during the tour acknowledged receiving training and procedures for reporting sexual abuse, sexual harassment, and/or retaliation for reporting. The auditor found the staff to be well versed in their duties as PREA 1st Responders.

The auditor interviewed a total of one hundred and sixty-four staff members, contractors and/or volunteers during the course of this audit (CHART 2). All staff interviewed was well versed in their respective areas of responsibility regarding PREA and affirmed compliance with the applicable PREA standards.

There is no SAFE or SANE staff at the facility; they are made available through a Memorandum of Understanding with the Nancy J. Cotterman Center (NJCC). Exams would be performed in a private medical exam room inside the appropriate Broward County Correctional Facility. There was one SANE exam conducted in the last twelve months. Staff interviewed was well versed in their responsibilities in reporting sexual abuse, sexual harassment, staff negligence, and retaliation for reporting. The Nancy J. Cotterman Center (NJCC) also acts the external reporting agency. Inmates can simply dial 954-761-7273 on any inmate phone, and they are quickly connected to a Victim Advocate. The internal hotline is posted on every inmate phone in the facility. Inmates can dial 954-831-3775; the investigators will be immediately notified on their county issued cellular phones. The system was successful tested during the initial tour of the facility.
There were one-hundred and thirty inmates interviewed during the on-site visit (CHART 3). These residents consisted of: fifty-seven general population inmates and seventy-three targeted.

All of the inmates interviewed acknowledged receiving PREA training and written materials in languages that they could comprehend (posters, pamphlets, and resident handbooks) outlining the agencies zero tolerance policies towards sexual abuse, sexual harassment, and retaliation for reporting, as well as the procedures for reporting. There were fourteen inmates did not remember if they had watched the PREA orientation video utilized for the more in depth training. Intake files did show fourteen inmates had signed a form acknowledging they had watched the video. Twelve inmates interviewed stated they did not remember receiving a PREA brochure upon intake. The review of their intake files showed where each had signed for the brochure as a facility issued item. All inmates interviewed felt if they had to file a PREA complaint the facility would respond appropriately to their complaint and that all PREA complaints were taken very serious by staff at this facility.

The auditor selected and carefully examined thirty human resource files, thirty staff training files, four contractor and thirty volunteer human resource files (CHART 4). The human resource and volunteer files were very well organized and contained all the necessary background check information and signed statements regarding previous sexual misconduct described in the standards. The training records were also very complete and included written documentation that staff and volunteers received the required training and understood what was being trained. It was clear the Training Division and the Investigations Projects Unit thoroughly covers all aspects of PREA during their training sessions.

The auditor also reviewed thirty offender files and saw documentation of offender education, as well as documentation of the initial risk screenings, and screenings upon additional information being completed as required by the standard.

In the 12 months preceding the audit, the Broward Sheriff’s Office had received and investigated thirty-three PREA complaints (CHART 5) regarding sexual harassment and/or sexual abuse. During the investigation each case was either determined to be unfounded, unsubstantiated or substantiated based on each merit, investigation findings and evidentially standards. All investigative files were reviewed during the on-site visit and appeared to document thoroughly the investigative process per agency policy. Policy was followed and documented for inmate notification, incident review and retaliations monitoring. Policy and procedure required that criminal investigative referrals were to be documented and proper referrals were made as warranted.

**Paul Rein Detention Facility** opened in February 2004 with a direct supervision jail approach where staff work more closely with inmates and inmate movement is kept to a minimum. Designed to handle 1,020 inmates in two four-story towers, the 257,790 square foot medium / maximum security jail houses male and female inmates in separate areas. The BSO In-Custody Behavioral Services Division operates both a Substance Abuse Program and Life Skills Program for inmates at the Paul Rein Detention Facility. These programs promote pro-social attitudes and behavior change in an effort to reduce criminal behavior. Additionally, the Chaplain's Office operates a Lifestyles Spiritual Unit. The Paul Rein Facility also includes an average of 12 juveniles awaiting trial in adult courts; they are housed separately from adult inmates. The facility has 104 cameras.

**The Main Jail Bureau** is an eight-story maximum security facility adjacent to the Broward County Courthouse in downtown Fort Lauderdale. Built in 1985 at a cost of $41.6 million, it was originally designed to house 864 local and state inmates. In 1988 and again in 1992, capacity was expanded to 1,538 inmates. More than 400 sworn and civilian staff supervise the facility which also includes Central Intake Bureau (Booking) for all Broward County law enforcement agencies, pre-magistrate, Centralized Classification Intake assessment for all BSO detention facilities, an infirmary and administrative offices.

An all-male facility, (excluding females in transit) most inmates are awaiting trial or sentencing, or are serving terms of less than one year. The inmates housed in the Main Jail are considered escape risks, violent or dangerous, or by the nature of their charges require maximum security housing. The facility has 250 cameras.

Instructions for Overall Compliance Determination Narrative

Based on the documentation provided: as well as, interview with the Agency-wide PREA Coordinator, and PREA Manager, it was determined the Broward Sheriff’s Office delineates compliance with Standard 115.11.
115.11 (a) The Broward Sheriff’s Office staff follows the agency’s policy, Policy 11.1 Prison Rape Elimination Act (PREA) which mandates a zero tolerance for all forms of sexual abuse and sexual harassment. This policy outlines the agency’s approach to preventing, detecting, and responding to such conduct. This was evident during the onsite tour, interviews with inmates and staff. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.11 (B) and (C) The agency employs an upper-level, agency-wide PREA Coordinator. Lt. Cummings was appointed as the agency-wide PREA Coordinator. The agency provided the auditors with the organizational chart showing the PREA Coordinator position as an upper-level, agency-wide position, Lt. Cummings reports directly to Major Kevin Corbett, Assistant Director Administration. Lt. Cummings is very knowledgeable of the PREA standards and actively assists the facility with compliance. Lt. Cummings has the authority to develop, implement, and oversee PREA compliance. She is actively updating the facility as new Frequently Ask Questions (FAQ’s) results are published on the PREA Resource Center website. The Broward Sheriff’s Office Sheriff appointed Lt. Jean-Baptiste, Lt. Philpart, Lt. McCook, Lt. Wilkins, and Lt. Aronofsky as PREA Managers for their respective facilities.

☒ Meets Standard (Substantial compliance; complies in all material ways with the standard for the relevant review period)

☐ Does Not Meet Standard (Requires Corrective Action)

Instructions for Overall Compliance Determination Narrative

Based on staff interviews, review of documentation provided and review of the Broward Sheriff’s Office staffing analysis (January 19, 2021), and Policy 11.1 Prison Rape Elimination Act (PREA). The following delineates the audit findings regarding this standard:

115.13 (a) The facility has documented and made its best efforts to comply on a regular basis with a staffing plan that provides for adequate levels of staffing as described and required by this standard. The established staffing plan uses the criteria found in the standard 115.13 (a) to include the physical layout of the facility, composition of the residents housed, the prevalence of substantiated and unsubstantiated incidents of sexual abuse, and any other relevant factors identified. Video monitoring has been deployed to assist with the protection of offenders against sexual abuse at this facility. The staffing levels are monitored daily by review of shift rosters. There have not been any judicial findings of inadequacy in the past twelve months. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.13 (b) The facility has procedures in place to ensure all deviations are covered by overtime or notification must be documented on shift roster and submitted to the PREA Manager outlining the reason(s) for the deviation. There has not been any deviation reported where the staffing plan had not been complied with in the past twelve months, as confirmed by written documentation and during interview with the PREA Manager. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.13 (c) The staffing plan is reviewed annually by the PREA Coordinator and forwarded to the Major for review. It is then forwarded to Sheriff Tony for signature and approval of any recommendations made which would include changes to policy and procedures, physical plant, video monitoring, or staffing levels. The annual staffing plan is also approved by the Federation of Public Employees. The last Annual Staffing Plan assessment was completed on January 19, 2021. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.13 (d) Based on Broward Sheriff’s Office Shift Supervisor interviews, facility JMS logs, staff interviews, and policy 11.1, Sexual Abuse, Prevention, and Response. Intermediate-level or higher-level supervisors are required to conduct and are documenting UNANNOUNCED rounds on all shifts.
as required. Random documentation review showed within a 72-hour period; more than a dozen unannounced rounds were conducted in each facility. Such rounds are logged in the Jail Management System (JMS) inmate management software system. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

Instructions for Overall Compliance Determination Narrative

Based on the auditor observation, documentation provided, 11.1 Prison Rape Elimination Act (PREA), Classification Housing, work and Programs Plan, interviews with the Major, PREA Coordinator, PREA Manager and staff interviews, the Broward Sheriff’s Office does house youthful offenders. The following delineates the audit findings regarding this standard:

115.14 (a) Broward County policy 11.1 Prison Rape Elimination Act (PREA) states that youthful detainees will be separated at all times during the intake process and housing. Such detainees will be supervised under direct supervision guidelines. Such detainees will be separated by sight, sound and physical contact with the adult inmate/detainee population. Females are housed at North Broward and male juveniles are housed at Paul Rein. This was verified during interviews with eight youthful detainees and observations by the auditors during the outside visit. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.14 (b) Broward County policy 11.1 Prison Rape Elimination Act (PREA) states that youthful detainees will be separated at all times during the intake process and housing. Such detainees will be supervised under direct supervision guidelines. Such detainees will be separated by sight, sound and physical contact with the adult inmate/detainee population. Broward County Housing Plan outlines the daily activities for youthful detainees, including educations services and recreation times. The auditor reviewed the daily activity schedule for the juvenile inmates. This was verified during interviews with eight youthful detainees and random staff interviews, and observations by the auditors during the outside visit. Females are housed at North Broward and male juveniles are housed at Paul Rein. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.14 (c) Juvenile females are housed at North Broward and male juveniles are housed at Paul Rein. This was confirmed during an interview with the PREA Manager and through auditor observation during the onsite visit. During an interview with the PREA Managers it was determined that there has not been any youthful detainees housed outside of the designed housing units at North Broward and Paul Rein in the past twelve months for any reason. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

Instructions for Overall Compliance Determination Narrative

Based on Broward County Policy 11.1 Prison Rape Elimination Act (PREA), training curriculums, staff interviews, training file reviews, and documentation provided; the following delineates the audit findings regarding this standard:

115.15 (a) Broward County Policy 11.1 Prison Rape Elimination Act (PREA) (page 13) outlines offender searches including searches of transgender and intersex offenders. The review of training curriculums and staff interviews revealed cross gender strip searches are prohibited except in exigent circumstances and must be documented when conducted. Transgender inmates are asked their gender preference for pat downs; this is documented on form BSO DJ 82, Statement of Search Preference. There have been no documented cross-gender visual body cavity or strip searches reported in the past 12 months. This was reiterated during an interview with the PREA Coordinator. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.15 (b) Broward County Policy 11.1 Prison Rape Elimination Act (PREA) (page 13) and prohibits male employees from frisk/pat searches of female inmates/residents except in exigent circumstances. This practice was confirmed during female inmate interviews.
115.15 (c) Broward County Policy 11.1 Prison Rape Elimination Act (PREA) (page 13) prohibits frisk/pat searches of the female inmates by male staff and requires that all cross-gender searches in exigent circumstances be documented. If a search is completed under exigent circumstances, the search is documented in the Jail Management System. There were no reported searches completed under exigent circumstances in the past twelve months. Transgender inmates are asked their gender preference for pat downs; this is documented on form BSO DJ 82, Statement of Search Preference. This practice was confirmed during female inmate interviews.

115.15 (d) Broward County Policy 11.1 Prison Rape Elimination Act (PREA) (pages 13 and 14) outlines that inmates shall be permitted to shower, perform bodily functions and change clothing without non-medical staff of the opposite gender viewing their breasts, buttocks or genitalia. The inmates confirmed during interviews they have privacy when showering, using the toilets and while changing their clothes. Broward County Policy 11.1 Prison Rape Elimination Act (PREA) (pages 13 and 14) also require staff of the opposite gender to announce their presence prior to entering the housing units. Inmate and staff interviews revealed that opposite gender announcements were common practice at this facility and reminders of this requirement are posted on the entry doors of all housing units exceeding the requirements of this part of the standard during this audit.

115.15 (e) Based on Broward County Policy 11.1 Prison Rape Elimination Act (PREA) (page 13), training curriculum provided and staff interviews the facility prohibits staff from physically examining transgender or intersex inmates for the sole purpose of determining genital status. If the inmate’s genital status is unknown, it is determined during conversations with the inmate, by reviewing medical records, or, if necessary, by learning that information as part of a broader medical examination conducted in private by a medical practitioner. This was corroborated during interviews with LBGTI inmates and random staff. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.15 (f) Based on Broward County Policy 11.1 Prison Rape Elimination Act (PREA) (page 6), training curriculum provided, staff training file reviews, and staff interviews the facility trains security staff to conduct cross-gender pat-down searches, and searches of transgender and intersex inmates, in a professional and respectful manner, and in the least intrusive manner possible, consistent with security needs. This is outlined in BCSO lesson plan. Transgender inmates are asked their gender preference for pat downs; this is documented on form BSO DJ 82, Statement of Search Preference. During interview with the LBGTI inmates, it was confirmed that the inmates felt the staff conducts proper searches. There were also no complaints filed by the LBGTI inmates in the past 12 months related to searches. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

Instructions for Overall Compliance Determination Narrative

Based on Broward Sheriff’s Office practice, review of the lesson plans, and review of Language Line agreement, ERO Sign Language interpretation Services, invoices, as well as staff and inmate interviews and facility tour; the following delineates the audit findings regarding this standard:

115.16 (a) The Broward Sheriff’s Office takes appropriate steps to ensure inmates with disabilities (including, for example, inmates who are deaf or hard of hearing, those who are blind or have low vision, or those who have intellectual, psychiatric, or speech disabilities), have an equal opportunity to participate in or benefit from all aspects of its efforts to prevent, detect, and respond to sexual abuse and sexual harassment, including steps to provide interpreters who can interpret effectively, accurately, and impartially, both receptively and expressively, using any necessary specialized vocabulary. PREA handouts, PREA postings, PREA education video, and the inmate handbook are provided in English, Creole, and Spanish. The agency also has a Memorandum of Understanding through Correct Care Solutions with the Language Line Services. The facility also makes available TDD phones at each facility. The facility has an enormous amount of bi-lingual employees to assist with interpreter needs. During interviews with the inmates identified to meet the aspects of this standard, they all confirmed having received training and materials they could understand. The agency has multiple employees who are fluent in Spanish. The inmates and staff also confirmed that the Language Line is available when needed. The auditor was provided with invoices and payments for Language Line Services. There was one blind/low vision and one deaf/hearing impaired inmate to interview during the onsite visit. Both inmates displayed a solid working knowledge of the agency’s zero tolerance for sexual abuse and sexual harassment and both were able to list the...
internal and external reporting mechanisms that the facility provides. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.16 (b) The Broward Sheriff’s Office takes reasonable steps to ensure meaningful access to all aspects of the agency’s efforts to prevent, detect, and respond to sexual abuse and sexual harassment to inmates who are limited English proficient, including steps to provide interpreters who can interpret effectively and impartially. Language Line interpreter services and/or staff interpreters are used to translate at this facility. PREA handouts, PREA postings, PREA education video, and the inmate handbook are provided in English, Creole, and Spanish. The agency also has a Memorandum of Understanding through Correct Care Solutions with the Language Line Services. There were twelve Spanish speaking inmates interviewed (with the assistant of a staff interpreter) during the on-site visit and they confirmed during interviews receiving all written PREA information and viewing the Spanish version of the a PREA DVD. The inmates and staff also confirmed that interpretive services are available when needed. The facility also makes TDD phone in each facility. Broward County has a large amount of bi-lingual employees to assist with interpreter services. Broward County Policy 11.1 Prison Rape Elimination Act (PREA) (pages 8-9)) outlines these practices. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.16 (c) Broward County Policy 11.1 Prison Rape Elimination Act (PREA) (pages 8-9) illustrates the facility does not rely on inmate interpreters, inmate readers, or other types of inmate assistants except in limited circumstances where an extended delay in obtaining an effective interpreter could compromise the inmate’s safety. PREA handouts, PREA postings, PREA education video, and the inmate handbook are provided in English, Creole, and Spanish. The agency also has a Memorandum of Understanding through Correct Care Solutions with the Language Line Services. This was confirmed during interviews with First Responders, the PREA Managers and the PREA Investigators. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

Instructions for Overall Compliance Determination Narrative

Based upon review of Broward County Policy 11.1 Prison Rape Elimination Act (PREA) (pages 4 and 5), Human Resource staff interviews, IA Captain Interview, and personnel file reviews; Sheriff’s Policy Manual 2.1 Employee Standards of Conduct, the following delineates the audit findings regarding this standard:

115.17 (a) Broward County Policy 11.1 Prison Rape Elimination Act (PREA) policy (pages 4-5) outlines that Broward Sheriff’s Office does not hire or promote anyone who may have contact with inmates, and does not enlist the services of any contractor or volunteer who may have contact with inmates, who has engaged in sexual abuse in a prison, jail, lockup, community confinement facility, juvenile facility, or other institution, has been convicted of engaging or attempting to engage in sexual activity in the community facilitated by force, overt or implied threats of force, or coercion, or if the victim did not consent or was unable to consent or refuse; or has been civilly or
administratively adjudicated to have engaged in the activity described above. The facility completes thorough background checks on all applicants as well as a background check is completed on all new applicants confirming compliance. The Agency has fourteen trained background investigators. Background investigations include:

ATMS
BSO CAD
BSO Records
BSO Warrants
CCIS
Credit Card (Equifax)
e-Agent
D.A.V.I.D.
FDPR
Florida Conceal Weapons Permit
Interpol
Juvenile Justice Info System
Military History
National Decertification Database
Odyssey
Selective Service Verification

This practice was confirmed during interviews with the agency’s Human Resource Director and the PREA Investigator. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.17 (b) Broward Sheriff’s Office considers any incidents of sexual harassment in determining whether to hire or promote anyone, or to enlist the services of any contractor or volunteer, who may have contact with inmates. This was confirmed during review of four human resource files for contract employees. Due to COVID-19, there has not been any volunteers allowed into any BCSO facility since March 2020. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.17 (c)-1 Broward Sheriff’s Office requires a criminal background records check be completed before hiring any new employee. Thirty out of thirty Human Resource files confirmed this practice. The Agency has fourteen trained background investigators. Background investigations include:

ATMS
BSO CAD
BSO Records
BSO Warrants
CCIS
Credit Card (Equifax)
e-Agent
D.A.V.I.D.
FDPR
Florida Conceal Weapons Permit
Interpol
Juvenile Justice Info System
Therefore, the facility demonstrated compliance with this part of the standard during this audit.

(c)-2 Broward Sheriff’s Office makes their best efforts to contact all prior institutional employers for information on substantiated allegations of sexual abuse or any pending investigations of allegation of sexual abuse. The agency has fourteen Background Investigators. Review of Human Resource files illustrated this practice. Two applicants had previously worked at a prior institution; both times, the Background Investigator had sent and received the prior documentation from the previous employer. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.17 (d) Broward Sheriff’s Office requires a criminal background records check be completed before enlisting the services of any contractor or volunteer who may have contact with the inmates. Four out of four WellPath and Trinity files reviewed confirmed this practice. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.17 (e) Broward Sheriff’s Office completes background checks every 5 years. There is an extensive tracking system in place to monitor the process. Broward County Policy 11.1 Prison Rape Elimination Act (PREA) (page 5) outlines the requirements. The last 5-year background checks (1,429 NCIC Checks) were completed in April 2021. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.17 (f) Broward Sheriff’s Office instills upon all employees a continuing affirmative duty to disclose any sexual misconduct as required by this standard. Each subsequent year of employment, employees are required to sign the agency’s Policy Manual. Page three of the Sheriff’s Policy Manual informs staff they are under BSO colors while not on duty; specifically when working for another employer. File review showed that thirty out of thirty files contained a signed acknowledgment of this practice. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.17 (g) Broward County Policy 11.1 Prison Rape Elimination Act (PREA) (page 5) mandates that material omissions regarding sexual misconduct, and the provision of materially giving false information, are grounds for termination as required by this standard. The IA Captain stated there has not been any terminations of a contract employee for this circumstance in the past twelve months. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.17 (h) Broward County Policy 11.1 Prison Rape Elimination Act (PREA) (page 5) requires that the agency shall provide information on substantiated allegations of sexual abuse or sexual harassment involving a current or former employee upon receiving a request from an institutional employer for whom such employee has applied to work. The PREA Coordinator stated the agency has not received such a request in the past twelve months. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.21 (a) and (b) Broward Sheriff’s Office complies with all elements of this standard. Documented in Broward County Policy 11.1 Prison Rape Elimination Act (PREA) (page 20); the agency follows a uniform evidence protocol that maximizes the potential for obtaining usable physical evidence for administrative proceedings. Broward Sheriff’s Office conducts its own PREA criminal investigations. The Broward County Sheriff’s Office investigates all PREA complaints for potential criminal activity and maintains a close working relationship with the County Prosecutor and the Broward County Sheriff’s Office of Investigations and Projects Unit investigators on each case. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.21 (c) Broward Sheriff’s Office offers all victims of sexual abuse access to forensic medical examinations by Nancy J. Cotterman Center (NJCC) staff (signed in June 2020) without financial cost to the inmate, where evidentiary or medically appropriate. Such examinations are to be performed by Sexual Assault Forensic Examiners (SAFEs) or Sexual Assault Nurse Examiners (SANEs) as required. During the past twelve months, there was one inmate who alleged sexual abuse that constituted the need for a SANE exam. The exam was conducted. 115.21 (f) The Broward Sheriff’s Office is responsible for administrative investigations and criminal investigators with the Broward County Sheriff’s Office shall conduct all criminal investigations covering all aspects of this standard. Broward Sheriff’s Office conducts its own PREA criminal investigations. This was confirmed during an interview with the PREA Coordinator and during review of all PREA investigation files from the past twelve months. Therefore, this part of the standard is not applicable to this facility.

115.21 (g) The Broward Sheriff’s Office is exempt from this section due to the fact BSO conducts its own PREA criminal investigations.

115.21 (h) Broward Sheriff’s Office offers all victims of sexual abuse access to forensic medical examinations by Nancy J. This was confirmed during an interview with the Classification Staff. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.33 (b) Within 30 days of intake, Broward Sheriff’s Office provides comprehensive education to the inmates, administered by video, regarding their rights to be free from sexual abuse and sexual harassment and to be free from retaliation for reporting such incidents, and regarding agency policies and procedures for responding to such incidents. The additional education is provided in the form of a video (both English and Spanish). The video “PREA- What you need to know” was created by the PREA Resource Center and Just Detention International. This practice is outlined in the Broward County Policy 11.1 Prison Rape Elimination Act (PREA) (page 8). There were fourteen inmates who did not remember if they had watched the PREA orientation video utilized for the more
in depth training. Intake files did show all fourteen inmates had signed a form acknowledging they had watched the video. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.33 (c) Broward County Policy 11.1 Prison Rape Elimination Act (PREA) (page 8) mandates that Broward Sheriff’s Office provides such education within one year of the effective date of the PREA standards to all its inmates, and provides education to inmates upon transfer as required by this standard. This was confirmed during an interview with the PREA Coordinator. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.33 (d) Broward County Policy 11.1 Prison Rape Elimination Act (PREA) (page 8) mandates that Broward Sheriff’s Office provides inmate education in formats accessible to all inmates, including those who are limited English proficient, deaf, visually impaired, or otherwise disabled, as well as to inmates who have limited reading skills. The facility has an agreement with Language Line Services. PREA handouts, PREA postings, PREA education video, and the inmate handbook are provided in English, Creole and Spanish. The facility also makes available a TDD phone at each facility. There was one blind/low vision and one deaf/hard of hearing inmate incarcerated at the time of the onsite visit. Both inmates were able to understand the auditor during the interview; and both displayed a working knowledge of the agency’s zero tolerance against sexual abuse and sexual harassment, and were able to list the internal and external modes of reporting. Twelve limited English proficient inmates had documentation in their intake file showing they all had received a PREA Brochure, properly screened and watched the PREA education video. All LEP inmates stated they felt safe in the facility. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.33 (e) There was documentation provided of inmates participation in PREA educational sessions as required by this part of the standard. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.33 (f) Broward Sheriff’s Office does provide the inmates with posters, pamphlets, and an inmate handbook in English, Creole and Spanish outlining the zero-tolerance policy regarding sexual abuse and sexual harassment and how to report incidents or suspicions of sexual abuse or sexual harassment. Inmates/detainees are given the “Broward County PREA – Prevention, Detections, and Response Brochure”. The agency has “Zero Tolerance” Posters located in all common areas of the facility. Records review showed that twelve out of twelve LEP inmates received education information in a Spanish format; all twelve LEP inmates stated they felt safe in the facility. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

**Instructions for Overall Compliance Determination Narrative**

Based on Broward County Policy 11.1 Prison Rape Elimination Act (PREA) (pages 8-11), inmate and staff interviews, inmate file reviews, and a review of the Broward Sheriff’s Office Sexual Abuse Screening Tool 11.1B; the following delineates the audit findings regarding this standard:

115.41 (a) Broward County Policy 11.1 Prison Rape Elimination Act (PREA) (page 8) mandates that Broward Sheriff’s Office ensures that all inmates are assessed during intake and upon transfer to another facility for risk of being sexually abused by other inmates or sexually abusive toward other inmates. Random inmate interviews confirmed this practice. Inmates sign a facility property receipt, indicating they have received the facility’s brochure on PREA. Twelve inmates interviewed stated they did not remember receiving a PREA brochure upon intake. The review of their intake files showed where each had signed for the brochure as a facility issued item. The brochure outlines basic information on the topics of sexual assault and sexual harassment, the agency’s zero tolerance, reporting procedures and the victim advocacy support available. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.41 (b) The Broward Sheriff’s Office provided documentation proving compliance with the standard that all inmates are screened for their risk of being sexually abused by other inmates or being sexually abusive toward other inmates normally upon intake but no later than 72 hours of arrival at the facility. This process is documented on (Broward County) Assessment Questionnaire Form Thirty out of thirty Classification files confirmed this practice. Thirty out of thirty inmates remembered being screening upon intake. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.41 (c) Based on the documentation provided and inmate file reviews the facility utilizes an objective screening instrument that covers all aspects of this standard. Thirty out of thirty Classification files confirmed this practice. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.41 (d) The intake screening instrument (Broward County) Sexual Abuse Screening Tool considers, at a minimum, the following criteria to assess inmates for risk of sexual victimization:

1. Whether the inmate has a mental, physical, or developmental disability;
2. The age of the inmate;
3. The physical build of the inmate;
4. Whether the inmate has previously been incarcerated;
5. Whether the inmate’s criminal history is exclusively nonviolent;
6. Whether the inmate has prior convictions for sex offenses against an adult or child;
7. Whether the inmate is or is perceived to be gay, lesbian, bisexual, transgender, intersex, or gender nonconforming;
(8) Whether the inmate has previously experienced sexual victimization;
(9) The inmate’s own perception of vulnerability; and
(10) Whether the inmate is detained solely for civil immigration purposes.

Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.41 (e) The initial screening considers prior acts of sexual abuse, prior convictions for violent offenses, and history of prior institutional violence or sexual abuse, as known to Broward Sheriff’s Office Assessment Questionnaire Form. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.41 (f) Broward County Policy 11.1 Prison Rape Elimination Act (PREA) (page 11) mandates within 30 days from the inmate’s arrival, the Broward Sheriff’s Office will reassess the inmate’s risk of victimization or abusiveness based upon any additional, relevant information received by Broward Sheriff’s Office since the intake screening. The Classification Staff completes a follow-up interview with each inmate within 30 days to determine if additional information is available. This process is documented on the Broward Sheriff’s Office Assessment Questionnaire Form. Thirty out of thirty Classification files confirmed this practice. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.41 (g) Broward County Policy 11.1 Prison Rape Elimination Act (PREA) (page 11) mandates Broward Sheriff’s Office will reassess an inmate’s risk level when warranted due to a referral, request, incident of sexual abuse, or receipt of additional information that bears on the inmate’s risk of sexual victimization or abusiveness. A review of rescreening showed there was a clear handoff from the PREA Manager and the Screening staff, when circumstances warranted a reassessment. Three such rescreenings were reviewed during the onsite visit. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.41 (h) Broward County Policy 11.1 Prison Rape Elimination Act (PREA) (page 11) mandates Broward Sheriff’s Office does not discipline inmates for refusing to answer screening questions or not disclosing complete information. This was confirmed during an interview with the PREA Coordinator. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.41 (i) Broward Sheriff’s Office implements appropriate controls on the dissemination of responses to questions asked pursuant to this standard in order to ensure that sensitive information is not exploited to the inmate’s detriment by staff or other inmates. Based on policy review, interview with the Colonel and interviews with the staff responsible for completing the screening, all information gathered on the screening instrument is restricted to staff making housing, work and program assignments. Staff responsible for inmate movements have access to see who is listed as an aggressor and/or a victim; lists are maintained in the agency’s Jail Management System. All Sex Offenders are housed in a segregated unit. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

Instructions for Overall Compliance Determination Narrative

Based on Broward County Policy 11.1 Prison Rape Elimination Act (PREA) (page 11), inmate and staff interviews, file review, and a review of the Broward County) Assessment Questionnaire Form; the following delineates the audit findings regarding this standard:

115.42 (a) Broward Sheriff’s Office uses information from the risk screening to decide housing, bed, work, education, and program assignments with the goal of keeping separate those inmates at high risk of being sexually victimized from those at high risk of being sexually abusive. This was confirmed during a review of policy and during an interview with the PREA Managers. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.42 (b) Broward County Policy 11.1 Prison Rape Elimination Act (PREA) (page 11) requires Broward Sheriff’s Office makes individualized determinations about how to ensure the safety of each inmate. This was confirmed during a review of policy and during an interview with the PREA Managers. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.42 (c) Broward Sheriff’s Office outlines the procedures to be followed in deciding whether to assign a transgender inmate to a facility for male or female inmates, and the process for making housing and programming assignments, on case by case basis as required by this standard. Based on interview with the nine self-identified LBGTI inmates housed at this facility the inmate confirmed feeling safe at the facility and felt staff considered the inmate’s safety when making housing and programming assignments. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.42 (d) Broward County Policy 11.1 Prison Rape Elimination Act (PREA) (page 11) documents Broward Sheriff’s Office procedures for placement and programming assignments of each transgender or intersex inmate being reassessed at least twice per year to review any threats to safety experienced by the inmate as required by this standard. Based on interviews with the nine self-reported LBGTI inmates housed at this facility the inmates confirmed feeling safe at the facility and felt staff considered the inmate’s safety when making housing and programming assignments. The inmates also confirmed the PREA Managers always inquire about the inmate’s safety. Documentation provided revealed that a review was conducted and documented every six months as required. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.42 (e) Broward Sheriff’s Office requires that a transgender and intersex inmate’s own views regarding their own safety be given serious consideration. Based on interview with nine self-identified LBGTI inmates housed at this facility the inmates confirmed feeling safe at the facility and felt staff considered the inmate’s safety regarding housing assignments. Once a transgender inmate is processed into the facility, a multi-disciplinary team reviews the inmates housing, programming and worker status based on the inmates own views, medical and mental health history, prior institutional behavior record and programming needs. The multi-disciplinary team will then make an individualized assessment. Therefore, the facility demonstrated compliance with this part of the standard during this audit.
115.42 (f) Broward County Policy 11.1 Prison Rape Elimination Act (PREA) (page 14) requires that Broward Sheriff’s Office transgender and intersex inmates be given the opportunity to shower separately from other inmates. The nine self-identified LBGTI inmates confirmed during interview with this auditor being given the opportunity to shower separately. The decision for housing and programs placement for a transgender inmate is documented on the Broward Sheriff’s Office’s in the JMS. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.42 (g) Broward County Policy 11.1 Prison Rape Elimination Act (PREA) (page 11) stipulates that Broward Sheriff’s Office does not place lesbian, gay, bisexual, transgender, or intersex inmates in dedicated facilities, units, or wings solely on the basis of such identification or status, unless such placement is in a dedicated facility, unit, or wing established in connection with a consent decree, legal settlement, or legal judgment for the purpose of protecting such inmates. This was confirmed by the auditor’s observation during the onsite visit, interview with nine self-identified LBGTI inmates and discussion with the PREA Coordinator. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

Instructions for Overall Compliance Determination Narrative

Based on Broward County Policy 11.1 Prison Rape Elimination Act (PREA) (pages 11-12), staff interviews, inmate interviews, and documentation review; the following delineates the audit findings regarding this standard:

115.43 (a) Broward County Policy 11.1 Prison Rape Elimination Act (PREA) (page 12) states that inmates/detainees at high risk for sexual victimization are not placed in involuntary segregated housing unless an assessment of all available alternatives has been made, and a determination has been made that there is no available alternative means of separation from likely abusers. These policies outline the procedures to ensure compliance with this standard. Staff and inmate interviews revealed no incidents of involuntary segregated housing being used for this purpose during the past 12 months at this facility. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.43 (b) Broward County Policy 11.1 Prison Rape Elimination Act (PREA) (page 12) stipulates that inmates/detainees placed in segregated housing for this purpose have access to programs, privileges, education, and work opportunities to the extent possible. If Broward Sheriff’s Office restricts access to programs, privileges, education, or work opportunities, Broward Sheriff’s Office documents the opportunities that have been limited, the duration of the limitation; and the reasons for such limitations. This was confirmed during an interview with the PREA Managers. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.43 (c) Broward Sheriff’s Office assigns such inmates to involuntary segregated housing only until an alternative means of separation from likely abusers can be arranged, and such an assignment does not ordinarily exceed a period of 30 days. Staff and inmate interviews revealed no incidents of involuntary segregated housing being used for this purpose during the past 12 months at this facility. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

**Instructions for Overall Compliance Determination Narrative**
Based upon review of the Broward County Policy 11.1 Prison Rape Elimination Act (PREA) (page 20-21), Broward County Records Retention Schedule, investigative staff interviews, training certificates, investigative reports, Collective Bargaining Agreement, Florida State Statute 112.532 (Law Enforcement and Corrections Officer Bill of Rights, as well as interviews with the PREA Investigators, Internal Affairs Investigators, PREA Coordinator, and the PREA Compliance Managers, the following delineates the audit findings regarding this standard:

115.71 (a) Broward County Sheriff’s Office PREA investigators conduct an investigation immediately when notified of an allegation of sexual abuse and sexual harassment. Broward Sheriff’s Office has a multiple layered investigation approach for Staff-on-Inmate Sexual Abuse allegations as a result of Florida State Statute 112.532, which states “the contents of the complaint and investigation shall remain confidential until such time as the employing law enforcement agency makes a final determination whether or not to issue a notice of disciplinary action consist of suspension with a loss of pay, demotion, or dismissal. Due to the state of emergency declared by the Governor of the State of Florida, Internal Affairs cannot compel staff to be interviewed for internal affairs investigation. If an allegation of sexual abuse for staff-on-inmate is made, the potential criminal component takes priority, the allegation will immediately be forwarded to the Sex Crimes Unit, then Internal Affairs and then back to the agency PREA Investigator for final review. The investigative files were reviewed and it appeared that the investigations were conducted promptly, documented thoroughly, and objectively for all allegations, including third-party, and anonymous reports. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.71 (b) Based on training curriculums provided, investigators training file review, and investigative staff interviews, it was evident the facility provided, in addition to the general training received by all employees, specialized training to all its investigators. This training included techniques for interviewing sexual abuse victims, proper use of Miranda and Garrity warnings, sexual abuse evidence collection in confinement settings and the criteria and evidence required to substantiate a case for administrative action or prosecution referral. Training records reviewed so that all Sex Crimes Detectives, all Internal Affairs Investigators, all PREA Managers, and all PREA Investigators have specialized training. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.71 (c) Broward County Sheriff’s Office PREA Investigators gather and preserve direct and circumstantial evidence, including any available physical and DNA evidence and any available electronic monitoring data; interview alleged victims, suspected perpetrators, and witnesses; and review prior complaints and reports of sexual abuse involving the suspected perpetrator. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.71 (d) Broward County Policy 11.1 Prison Rape Elimination Act (PREA) (page 20) stipulates, when the quality of evidence appears to support criminal prosecution, Broward Sheriff’s Office refers the case to the Broward County Sheriff’s Office Criminal Investigations Division for the criminal investigation. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.71 (e) The credibility of an alleged victim, suspect, or witness is assessed on an individual basis and is not determined by the person’s status as inmate or staff. The inmate who alleges sexual abuse is not required to submit to a polygraph examination or other truth-telling device as a
condition for proceeding with the investigation of such an allegation. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.71 (f) Broward Sheriff’s Office administrative investigations include efforts to determine whether staff actions or failures to act contributed to the abuse; and are documented in written reports that include a description of the physical and testimonial evidence, the reasoning behind credibility assessments, and investigative facts and findings. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.71 (g) Broward Sheriff’s Office criminal investigations are documented by the Broward County Sheriff’s Office Criminal Investigations Division in a written report that contains a thorough description of physical, testimonial, and documentary evidence and attaches copies of all documentary evidence where feasible. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.71 (h) Broward Sheriff’s Office refers all allegations to the Broward County Sheriff’s Office Criminal Investigations Division for investigation and prosecution when warranted. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.71 (i) Broward Sheriff’s Office retains all written reports for as long as the alleged abuser is incarcerated or employed by Broward Sheriff’s Office, plus five years. This is stipulated in the Broward County Records Retention Schedule. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.71 (j) The departure of the alleged abuser or victim from employment or control of the Broward Sheriff’s Office or agency does not provide a basis for terminating an investigation. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.71 (k) The Broward County Sheriff’s Office Criminal Investigator conducts criminal sexual abuse investigations pursuant to the requirements of this standard. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.71 (l) Broward Sheriff’s Office refers all criminal cases to the Broward County Sheriff’s Office Criminal Investigator and cooperates with their investigators during the entire investigation. The facility remains informed of the progress of the investigation through communication between the Broward County Sheriff’s Office Criminal Investigator and the Broward County Sheriff’s Office Command Staff. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

Instructions for Overall Compliance Determination Narrative

Based on interviews with the PREA Coordinator, the PREA Managers, Broward County Policy 11.1 Prison Rape Elimination Act (PREA) policy, Sexual Abuse or Assault Incident Review Form, Incident Tracking Log, and documentation provided; the following delineates the audit findings regarding this standard:

115.86 (a) Broward County Policy 11.1 Prison Rape Elimination Act (PREA) policy (page 25) mandates that Broward Sheriff’s Office conducts a sexual abuse incident review at the conclusion of every sexual abuse investigation, including where the allegation has not been substantiated, unless the allegation has been determined to be unfounded. This was confirmed during file review and during interviews with Incident Review Team. The review is documented on the Investigations and Projects Unit PREA Review Meeting form. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.86 (b) Broward Sheriff’s Office ensures that these reviews occur within 30 days of the conclusion of the investigation and documents the review on the Investigations and Projects Unit PREA Review Meeting form. Therefore, the facility demonstrated compliance with this part of the standard during this audit.
115.86 (c) The review team consist of upper-level management officials, with input from line supervisors, investigators, and medical or mental health practitioners. Therefore, the facility demonstrated compliance with this part of the standard during this audit. There are typically 25-30 attendees at each incident review meeting. All attendees are listed on the Investigations and Projects Unit PREA Review Meeting form.

115.86 (d) The review team considers whether the allegation or investigation indicates a need to change policy or practice to better prevent, detect, or respond to sexual abuse; whether the incident or allegation was motivated by race; ethnicity; gender identity; lesbian, gay, bisexual, transgender, or intersex identification, status, or perceived status; or gang affiliation; or was motivated or otherwise caused by other group dynamics at the facility; and they examine the area in Broward Sheriff’s Office where the incident allegedly occurred to assess whether physical barriers in the area may enable abuse; assess the adequacy of staffing levels in that area during different shifts; assess whether monitoring technology should be deployed or augmented to supplement supervision by staff. The agency has deployed an excellent PREA after action review form which addresses all elements of the standard. Therefore, this meets this portion of the standard.

115.86 (e) Broward Sheriff’s Office shall implement the recommendations for improvement, or shall document its reasons for not doing so. Each of the thirteen 30-Day reviews clearly marked recommendations as deemed appropriate by the Incident Review Team. Therefore, the facility demonstrated compliance with this part of the standard during this audit.
