## BEWARE OF "IRS" TAX SCAMS

Tax season is upon us!  
The Broward Sheriff's Office reminds you to be aware of scammers.

### What should you do if you receive an unsolicited phone call or email from someone claiming to be from the IRS?

- NEVER give out any personal information
- NEVER provide sensitive bank information
- NEVER give any payments over the phone

**Don't become a victim. Always be vigilant and remember these important facts.**

The IRS will NEVER:

- Call, email or text message asking for personal or financial information
- Demand payments or require you to use a specific payment method for tax payments
- Threaten immediate arrest or deportation

If you receive an "IRS" call, hang up immediately and contact your local BSO district office.

Visit [www.sheriff.org/scams](http://www.sheriff.org/scams) for more information.
